(the "Company") to be held on September 30, 2022, at 10:00 a.m., central time, at our principal executive offices, 1052 Highland Colony Parkway, Suite 200, Ridgeland, Mississippi 39157² (the "Annual Meeting"). Our telephone number is (601) 948-6813. The terms "we," "us" and "our" used in this proxy statement refer to the Company.

GENERAL MATTERS

In accordance with the rules of the Securities and Exchange Commission ("SEC"), we are permitted to furnish proxy materials, including this proxy statement and our Annual Report to Stockholders for the fiscal year ended May 28, 2022 (the "Annual Report"), to stockholders by providing access to these documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless requested. Instead, the notice of internet availability of proxy materials provides instructions on how to access and review the proxy materials on the internet. The notice also provides instructions on how to submit your proxy and voting instructions via the internet. If you would like to receive a printed or email copy of our proxy materials, please follow the instructions provided in the notice to request the materials. A list of the stockholders of record as of the record date will be available for inspection by stockholders of the Company at the Company's corporate offices for 10 days preceding the date of the Annual Meeting.

The following proxy materials are being made available to holders of record on August 5, 2022 on or about August 18, 2022 free of charge at our website, [https:// www.calmainefoods.com/investors/proxy-material/](https://www.calmainefoods.com/investors/proxy-material/) or www.proxyvote.com :

- The Notice of Annual Meeting and Proxy Statement for the 2022 Annual Meeting of Stockholders;
- The Annual Report; and
- The form of proxy card being distributed to stockholders in connection with the 2022 Annual Meeting of Stockholders.

We have adopted a procedure approved by the SEC called "householding." Under this procedure, we will deliver only one copy of our notice of internet availability of proxy materials to stockholders who have the same address and last name unless one or more of these stockholders notifies us that they wish to receive individual copies. This procedure reduces our printing costs and postage fees. Although only one copy of our notice of internet availability of proxy materials will be delivered to each address, each stockholder sharing that address will continue to be able to access the proxy materials and submit his or her individual voting instructions. If you want to receive separate copies of our notice of internet availability of proxy materials, or if you do not wish to participate in householding in the future, or if any shareholders sharing an address are receiving multiple copies of the our notice of internet availability of proxy materials and would like to request delivery of a single copy, you can make these requests through the following sources:

² * *The Company is actively monitoring the public health and travel concerns relating to COVID-19 and the related recommendations and protocols issued by federal, state and local governments. Attendees will be expected to comply with CDC recommendations, such as: anyone who does not feel well should stay home; consider wearing a mask or cloth face covering before entering the building and continuously once inside; wash your hands for at least 20 seconds, or use hand sanitizer with at least 60% alcohol; stay six feet away from other people; and cover coughs and sneezes. Face masks, hand sanitizer and temperature check stations will be available in the lobby and each person will be asked the appropriate screening questions prior to entering the building for the meeting. In the event that it is not possible or advisable to hold the 2022 annual meeting in person in Ridgeland, Mississippi as originally planned, the Company will announce alternative arrangements for the 2022 annual meeting as promptly as practicable, which may include holding the 2022 annual meeting solely by means of remote communication. Any such change, including details on how to participate, would be announced in advance by press release, a copy of which would be filed with the SEC as additional proxy solicitation materials and posted on the Company's website at www.calmainefoods.com.*

Stockholders of record should contact the Company's Secretary in writing or by telephone at Cal-Maine Foods, Inc., ATTN: Max P. Bowman, Secretary, Post Office Box 2960, Jackson, Mississippi 39207, telephone number (601) 948-6813.

Stockholders who are beneficial owners should contact their bank, broker or other nominee record holder.

Our Board of Directors is soliciting your proxy to vote your shares on all matters scheduled to come before the Annual Meeting. The proxy may be revoked by a stockholder at any time before it is voted by filing with our Secretary a written revocation of such proxy or a duly executed proxy bearing a later date. The proxy also may be revoked by a stockholder attending the meeting by withdrawing the proxy and voting in person.

The Company is not using a proxy solicitor. All expenses incurred in connection with the solicitation of proxies will be paid by us. Our directors, officers, and regular employees may solicit proxies in person, by telephone, mail, email, telecopy or employee communications. We will not pay such persons additional compensation for their proxy solicitation efforts. We will, upon request, reimburse banks, brokerage houses and other institutions, and fiduciaries for their expenses in forwarding proxy materials to their principals.

VOTING SHARES

Stockholders of record at the close of business on August 5, 2022, are eligible to vote at the Annual Meeting in person or by proxy. As of the record date, 44,136,141 shares of our common stock were outstanding (including 312,116 shares of unvested restricted common stock issued under our Amended and Restated 2012 Omnibus Long-Term Incentive Plan that have voting rights), and 4,800,000 shares of our Class A common stock were outstanding.

Each share of common stock is entitled to one vote on each matter to be considered at the Annual Meeting. Each share of Class A common stock is entitled to 10 votes on each such matter. The holders of shares of our common stock and/or Class A common stock representing a majority of the voting interest of all the outstanding shares of our common stock and Class A common stock, considered together as a group, in person or by proxy, will constitute a quorum for purposes of the 2022 Annual Meeting of Stockholders. The election of directors requires a plurality of the votes cast. The ratification of the selection of our independent registered public accounting firm requires the vote of a majority of the voting interest present in person or represented by proxy.

If a quorum is not present in person or by proxy, the holders of shares representing a majority of the voting interest of all such shares present may, without notice other than announcement at the meeting, adjourn the meeting from time to time, until a quorum is present, and at any such adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the original meeting.

If your shares are held in a stock brokerage account by a bank, broker or other nominee, you are considered the beneficial owner of shares held in "street name" and these proxy materials are being made available to you by your bank, broker or other nominee that is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your bank, broker or other nominee on how to vote your shares and your bank, broker or other nominee will send you instructions on how to submit your voting instructions.

If you are a stockholder of record and you do not return a proxy, your shares will not be voted. If you are a stockholder of record and you make no specifications on your proxy card, your shares of our common stock will be voted in accordance with the recommendations of our Board of Directors, as provided below. If you are a beneficial owner and you do not provide voting instructions to your bank, broker or other nominee holding shares for you, your shares will not be voted with respect to any proposal for which the stockholder of record does not have discretionary authority to vote. Rules of the New York Stock Exchange ("NYSE") governing brokers (regardless of the exchange on which the company is listed) determine whether proposals presented at stockholder meetings are "discretionary" or "non-discretionary." If a proposal is determined to be discretionary, your bank, broker or other nominee is permitted under NYSE rules to vote on the proposal without receiving voting instructions from you. If a proposal is determined to be non-discretionary, NYSE rules prohibit your bank, broker or other nominee from voting on the proposal without receiving voting instructions from you. A "broker non-vote" occurs when a bank, broker or other nominee holding shares for a beneficial owner returns a valid proxy, but does not vote on a particular proposal because it does not have discretionary authority to vote on the matter and has not received voting instructions from the stockholder for whom it is holding shares.

Under the NYSE rules, the proposal relating to the election of directors is a non-discretionary proposal and the proposal relating to the ratification of the appointment of our independent registered public accounting firm is a discretionary proposal. As such, if you are a beneficial owner and you do not provide voting instructions to your bank, broker or other nominee holding shares for you, your shares will not be voted with respect to the election of directors, and your shares may be voted with respect to the ratification of the appointment of our independent registered public accounting firm.

Abstentions occur when stockholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting. Abstentions are counted for purposes of determining whether a quorum is present and will have the same effect as a vote against proposals other than the election of directors.

Election of Directors. Both the shares of common stock and the shares of Class A common stock have the right of cumulative voting in the election of directors. Cumulative voting means that each stockholder is entitled to cast as many votes as he or she has the right to cast (before cumulating votes), multiplied by the number of directors to be elected. All such votes may be cast for a single nominee or may be distributed among the nominees to be voted for as the stockholder sees fit. To exercise cumulative voting rights by proxy, a stockholder must clearly designate the number of votes to be cast for any given nominee. Under Delaware law, votes withheld from a director’s election will be counted toward a quorum but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be taken into account in determining the outcome of the election. The election of directors requires a plurality of the votes cast, which means the candidates receiving the highest number of “FOR” votes will be elected.

The following table summarizes the votes required for passage of each proposal and the effect of abstentions and uninstructed shares held by brokers.

Proposal	Voting Options	Votes Required To Adopt Proposal	Effect of Abstentions	Effect of Broker Non-Votes
No. 1: Election of directors	For or withhold on all nominees, or allocate votes among the nominees	Plurality of votes cast	N/A	No effect
No. 2: Ratification of selection of independent registered public accounting firm	For, against or abstain	Majority of voting interest present in person or by proxy	Treated as votes against	N/A

Our Board unanimously recommends that you vote:

- **FOR** the election of the seven nominees named in this proxy statement to serve as directors of the Company; and
- **FOR** the ratification of our selection of Frost, PLLC as independent registered public accounting firm of the Company for fiscal year 2023.

We do not expect any matters to be presented for action at our 2022 annual meeting other than the matters described in the proxy statement. However, by completing, dating, signing and returning a proxy card, or by submitting your proxy and voting instructions via the internet, you will give to the persons named as proxies discretionary voting authority with respect to any other matter that may properly come before the annual meeting, and they intend to vote on any such other matter in accordance with their best judgment.

In accordance with Delaware law, the Company will appoint two inspectors of election. The inspectors will take charge of and will count the votes and ballots cast at the Annual Meeting and will make a written report on their determination.

CORPORATE GOVERNANCE

Meetings and Attendance

Our Board of Directors holds regularly scheduled quarterly meetings and may hold special meetings each year. Normally, committee meetings occur the day of the Board meeting. At each quarterly Board meeting, time is set aside for the independent directors to meet without management present. Our Board held four regularly scheduled quarterly meetings and took action by written consent once during fiscal year 2022. All of our directors attended 100% of the aggregate of all Board of Directors meetings and meetings of the committees on which they served during their tenure in office in the last fiscal year. Directors are encouraged to attend the Annual Meeting of Stockholders, and all directors then in office attended the 2021 Annual Meeting.

Board Committees

Our Board has five standing committees: an Audit Committee, a Compensation Committee, an Executive Committee, a Long-Term Incentive Plan Committee (“LTIP Committee”) and a Nominating Committee. In addition, under our bylaws our Board may designate additional committees as it deems appropriate. In select instances, the Board and its committees may take action through written consent. The Audit and Compensation Committees have written charters which are available on the “Investors” page of our website at www.calmainefoods.com. The Executive, Long-Term Incentive Plan, and Nominating Committees do not have charters. The table below provides the current composition for each of the Board’s standing committees.

Audit Committee: The Audit Committee, which is composed of four directors who are independent in accordance with applicable NASDAQ listing standards and SEC rules, including the enhanced criteria with respect to audit committee members, meets with management, internal auditors, and the Company’s independent registered public accounting firm to determine the adequacy of internal controls, recommends a registered public accounting firm for the Company to select, evaluates and oversees an internal auditor for the Company, reviews annual audited and quarterly financial statements and recommends whether such statements should be included in the Company’s annual reports on Form 10-K and quarterly reports on Form 10-Q, and oversees financial matters. The Audit Committee held four regular scheduled meetings and one special meeting in fiscal year 2022.

Compensation Committee: The Compensation Committee is also composed of four directors who are independent in accordance with applicable NASDAQ listing standards and SEC rules. The Compensation Committee discharges the responsibilities of the Board of Directors relating to compensation of the Company's executive officers by establishing goals and reviewing general policy matters relating to compensation and benefits of employees of the Company, including the issuance of equity awards to the Company's officers, employees and directors. It reviews and approves the compensation and benefits of officers who are members of the Executive Committee and makes recommendations to the Board of Directors and members of the LTIP Committee with respect to the Company's incentive compensation plans and equity-based plans. For more information on the Compensation Committee processes and procedures, see "Compensation Discussion and Analysis" below. The Compensation Committee held two regular scheduled quarterly meetings and took action by written consent once in fiscal year 2022.

Executive Committee: The Executive Committee may exercise all of the powers of the full Board of Directors, except for certain major actions, such as the adoption of an agreement of merger or consolidation, the recommendation to stockholders of the disposition of substantially all of the Company's assets or a dissolution of the Company, and the declaration of a dividend or authorization of an issuance of stock. It may not authorize single capital expenditure projects in excess of \$10 million. The Executive Committee did not hold any formal meetings in fiscal year 2022, but worked closely together and took action by written consent seven times.

Long-Term Incentive Plan Committee: The LTIP Committee, which is composed of four independent directors, administers the Amended and Restated Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan, which includes selection of the persons to whom awards may be made, determining the types of awards, determining the times at which awards will be made and other terms and conditions relating to awards, all in accordance with plan documents. The LTIP Committee held two meetings in fiscal year 2022.

Nominating Committee: The Nominating Committee considers potential director nominees proposed by committee members, other members of the Board of Directors, management or our stockholders. Any stockholder desiring to submit a director candidate for consideration should submit the candidate's name, address and detailed background information to the Secretary of the Company at the Company's address shown above under "General Matters." The Secretary will forward such information to the Nominating Committee for its consideration. The Nominating Committee held one meeting in fiscal year 2022.

Consideration of Director Nominees

In recommending nominees for the Board, the Nominating Committee considers any specific criteria the Board may request from time to time and such other factors as it deems appropriate. These factors may include any special training or skill, experience with businesses and other organizations of comparable size and type, experience or knowledge with businesses that are particularly relevant to the Company's current or future business plans, financial expertise, the interplay of the candidate's experience with the experience of the other directors, sufficient time to devote to the responsibilities of a director, freedom from conflicts of interest or legal issues and the extent to which, in the Nominating Committee's opinion, the candidate would be a desirable addition to the Board. Diversity is taken into account when determining how the candidates' qualities and attributes would complement the other directors' backgrounds. Type of advanced studies and certification, type of industry experience, area of corporate experience and gender, among other factors, are taken into consideration. The Nominating Committee believes that the different business and educational backgrounds of the directors of the Board contribute to the overall insight necessary to evaluate matters coming before the Board.

Each candidate brought to the attention of the Nominating Committee, regardless of who recommended such candidate, will be considered on the basis of the criteria set forth above.

Skills and Experience

The following table notes the breadth and variety of business experience that each of Nominees brings to the Company and which enable the Board to provide insightful leadership to the Company. We believe that our directors have suitable and diverse skill sets that align with our industry and business strategy. Our Nominating Committee will review these skill areas periodically to help ensure they represent the current and anticipated future needs of our business.

Stockholder Communications

Stockholders may send communications to the Board by directing them to the Secretary in the manner described above under “General Matters.” The Secretary will forward to all members of the Board any such communications he receives which, in his reasonable judgment, he deems to be not spurious and to be sent in good faith.

Risk Oversight

The Board takes its oversight role in the Company’s risk management very seriously. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight.

The Company’s Executive Committee is primarily responsible for managing the day-to-day risks of the Company’s business and is best equipped to assess and manage those risks. The Audit Committee also plays a prominent role in assessing and addressing risks faced by the Company with respect to financial and accounting controls, internal audit functions, pending or threatened legal matters, insurance coverage and the Company’s “whistleblower” hotline policy, among other matters. The Board and the Audit Committee receive reports on the Company’s exposure to risk and its risk management practices from members of the Executive Committee as well as other members of the Company’s management and legal counsel, including reports on the Company’s information technology standards and safeguards, financial and accounting controls and security measures, environmental compliance, bio-security and animal health, food safety, human resources, litigation and other legal matters, grain purchasing strategies, and customer concentration and product mix, among other things. The Board regularly receives updates about and reassesses the management of these risks throughout the year. In addition, the Board and the Audit Committee review the Company’s risk disclosures in its draft periodic reports before they are filed and have the opportunity to question management and outside advisers about the risks presented. In addition, the Compensation Committee assesses whether the Company’s incentive compensation arrangements encourage unnecessary or excessive risk-taking and evaluate compensation policies and practices that could mitigate any such risk.

The Board’s role in risk oversight of the Company is consistent with the Company’s leadership structure, with the Chief Executive Officer and other members of senior management having responsibility for assessing and managing the Company’s risk exposure on a day-to-day basis, and the Board and its committees providing oversight in connection with those efforts.

The Board's oversight of risks affecting the Company has not specifically affected the Board's leadership structure. The Board believes that its current leadership structure is conducive to and appropriate for its risk oversight function. If in the future the Board believes that a change in its leadership structure is required to, or potentially could, improve the Board's risk oversight function, it may make any change it deems appropriate.

Environmental, Social and Governance

Our Board oversees our sustainability efforts, including the Company's efforts to address environmental, social and governance topics that we believe are of interest to our stakeholders. You can read more about our environmental, social and governance efforts and standards in our most recent Sustainability Report, available on the "Investors – Sustainability Reports" page of our website at <https://www.calmainefoods.com>.

Stock Ownership Guidelines

The Board adopted stock ownership guidelines applicable to the Company's non-employee directors during fiscal year 2016. Under the guidelines, each non-employee director is encouraged to maintain ownership of company stock valued at two times his or her annual retainer, which is currently \$45,000. Under the stock ownership guidelines, new directors are expected to comply with the stock ownership target within five years of appointment. All of our current non-employee directors, other than Ms. Young who was appointed to the Board in March 2021, exceed their target ownership levels.

Board Independence and Impact of "Controlled Company" Status

The NASDAQ stock market qualitative listing standards require that a majority of a listed company's directors be independent and that a compensation committee and nominating committee of the Board composed solely of independent directors be established. These standards are not applicable to any company where more than 50% of the voting power is held by one individual or group. The family of Mr. Adams, our late founder, consisting of Mrs. Adams, Mr. Baker and Mr. Baker's spouse and her three sisters (who are Mr. Adams' four daughters) beneficially own, directly or indirectly, in the aggregate capital stock of the Company entitling them to 57.4% of the total voting power of the Company. Accordingly, the Company is a "controlled company" and thus exempt from those NASDAQ listing standards. As executive officers of the Company, Messrs. Baker, Bowman and Miller do not qualify as independent pursuant to the NASDAQ listing standards, if elected. Additionally, Mr. Baker serves as chair of the Nominating Committee. Our Board determined that, under the NASDAQ listing standards, the following director nominees are independent: Ms. Hughes, Mr. Poole, Mr. Sanders and Ms. Young.

Notwithstanding the Company's status as a controlled company and although not required, a majority of the directors on our Board are independent in accordance with the NASDAQ listing standards applicable to non-controlled companies and the governance policies of certain institutional investors and advisory groups, and our Compensation Committee includes only independent directors.

The Company is, however, subject to the NASDAQ listing standards requiring that the Audit Committee (i) be composed solely of independent directors; (ii) be directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm, which must report directly to the audit committee; (iii) establish procedures to receive, retain, and treat complaints regarding accounting, internal accounting controls and auditing matters, and for employees' confidential, anonymous submissions of concerns regarding questionable accounting or auditing matters; (iv) have the authority to engage independent counsel and other advisors when the committee determines such outside advice is necessary; and (v) be adequately funded by the Company. Our Audit Committee is in compliance with these standards. In addition, our Board has determined that all of the members of the Audit Committee satisfy the enhanced criteria applicable to audit committee members and that each of Ms. Hughes and Messrs. Poole and Sanders qualifies as an "audit committee financial expert," as such term is defined by the rules of the SEC.

Executive Sessions

The Company is also subject to NASDAQ listing standards that require the independent directors of the Board to have regularly scheduled meetings at which only independent directors are present. Such meetings were held following each regular meeting of the Board during fiscal year 2022.

Code of Ethics

NASDAQ qualitative listing standards require companies to adopt a code of business conduct and ethics applicable to all directors, officers and employees that is in compliance with certain provisions of the Sarbanes-Oxley Act of 2002. The Board of Directors adopted such a code in 2011. Our *Code of Ethics* is posted on the “Investors—Corporate Governance” page of our website at www.calmainefoods.com.

Board Leadership Structure

Mr. Baker, our Chief Executive Officer, serves as Chairman of the Board. The Company has not named a lead independent director. The Board recognizes that the leadership structure and the decision to combine or separate the roles of the Chief Executive Officer and Chairman of the Board are prompted by the Company’s needs at any point in time. The Company’s leadership structure has varied over time and has included combining and separating these roles. As a result, the Board has not established a firm policy requiring combination or separation of these leadership roles and the Company’s governing documents do not mandate a particular structure. This provides the Board with flexibility to establish the most appropriate structure for the Company at any given time. The Board has determined that the Company is currently best served by having one person serve as Chairman of the Board and Chief Executive Officer as it promotes communication between management and the Board of Directors and provides essential leadership for addressing the Company’s strategic initiatives and challenges. Mr. Baker’s service as Chairman of the Board aids the Board’s decision-making process because he has firsthand knowledge of the Company’s operations and the major issues facing the Company, and he chairs the Board meetings where the Board discusses strategic and business issues.

The Board also considers the above structure appropriate due to the Company’s status as a “controlled company.” Further, due to the relatively small size of the Board and the fact that a majority of the members of the Board are independent directors, the Board has not felt it necessary to designate a lead independent director.

Related-Party Transactions

We are the largest producer and distributor of shell eggs in the United States. We spend hundreds of millions of dollars for third-party goods and services annually, with the authority to purchase such goods and services dispersed among many different officers and managers across the United States. Consequently, there may be transactions and business arrangements with businesses and other organizations in which one of our directors or nominees, executive officers, or their immediate families, or a greater than 5% owner of either class of our capital stock, may also be a director, executive officer, or investor, or have some other direct or indirect material interest. We may refer to these relationships generally as related-party transactions.

Related-party transactions have the potential to create actual or perceived conflicts of interest between the Company and its directors and executive officers or their immediate family members. The Company’s Code of Ethics prohibits directors, officers and employees of the Company from engaging in transactions which may create or appear to create a conflict of interest without disclosing all relevant facts and circumstances to, and obtaining the prior written approval of, the Company’s General Counsel. The General Counsel reports annually to the Audit Committee concerning any such disclosures. The NASDAQ listing standards require that related-party transactions be reviewed for potential conflicts of interest on an ongoing basis by the Company’s Audit Committee or another independent committee of the Board of Directors. The Audit Committee usually reviews and approves such transactions. While the Audit Committee has no specific written policy and procedures for review and approval of related-party transactions, in the past if a related-party transaction involved a director, executive officer, or their immediate family members, in evaluating such transaction the Audit Committee has considered, among other factors:

- the goods or services provided by or to the related party,
- the nature of the transaction and the costs to be incurred by the Company or payments to the Company,
- the benefits associated with the proposed transaction and whether alternative goods or services are available from unrelated parties,
- the advantages the Company would gain by engaging in the transaction,
- whether the terms of the transaction are fair to the Company and arms-length in nature,
- the materiality of the transaction to the Company and to the related party, and
- management’s determination that the transaction is in the best interests of the Company.

No reportable related-party transactions have taken place since the beginning of fiscal year 2022, and none are currently proposed.

Compensation Philosophy and Process

We believe we are one of only two publicly held companies in the United States whose primary business is the commercial production, processing and sale of shell eggs. Accordingly, there is little public information available regarding the compensation paid by our competitors. It is our intent to compensate our employees at a level that will appropriately reward them for their performance, minimize the number of employees leaving our employment because of inadequate compensation, and enable us to attract sufficient talent as our business expands.

As stock representing more than 50% of the voting power for the election of directors is owned, directly or indirectly, by the family of Mr. Adams, our late founder, we are a controlled company as defined in Rule 5615(c)(1) of the NASDAQ listing rules. Although not required, our Compensation Committee is composed solely of independent directors. We divide our executive officers into two categories for compensation purposes. The first are members of the Executive Committee of our Board of Directors, which during fiscal year 2022 was composed of Messrs. Baker, Bowman, and Miller, and our General Counsel, Mr. Holladay. The compensation of the members of the Executive Committee and Mr. Holladay is approved by the Compensation Committee, after recommendation by the Executive Committee. The compensation for other executive officers is determined by the Executive Committee based on the overall compensation goals and guidance established by the Compensation Committee. Finally, equity awards for all executive officers are approved by the LTIP Committee, which is composed entirely of independent directors.

Compensation Practices and Risks

We do not believe any risks arise from the Company's compensation policies and practices that are likely to have a material adverse effect on the Company.

Elements of Compensation

During fiscal 2022, our executive compensation program had the following primary components: base salary, an annual cash bonus and equity compensation in the form of restricted share awards ("RSAs"). Our named executive officers received certain perquisites and certain of our named executive officers participate in our deferred compensation plan. The tables that follow give details as to the compensation of each of our named executive officers for fiscal year 2022.

Base Salary

We believe that base salaries, which provide fixed compensation, should meet the objective of attracting and retaining the executive officers needed to manage our business successfully. Base salary adjustments, if any, are approved in December of each year and become effective January 1st of the following calendar year. After consideration of the review of peer company compensation previously prepared in 2019 by Mercer (US) Inc. ("Mercer"), a compensation consulting firm engaged by our Compensation Committee, which review indicated that the base salaries of our executive officers lagged behind the peer group, the Compensation Committee approved base salary increases effective January 1, 2022 for the members of the Executive Committee as follows: Mr. Baker – 2.9%, Mr. Bowman – 3.5% and Mr. Miller – 8.3% and Mr. Holladay, our General Counsel, 4.1%. Based on the same analysis, the Executive Committee approved a base salary increase for our other named executive officer, Mr. Hardin of 3%, also effective January 1, 2022. Additionally, the Compensation Committee approved a special 3% wage increase for all Company employees, including the foregoing officers, in July 2022, to express appreciation for everyone's loyalty, hard work and dedication, and to assist employees with the increased costs of necessities caused by inflation. We believe following these increases, the base salaries of our named executive officers remained below the 25th percentile of our peer group based on Mercer's most recent peer company compensation review. See "Benchmarking of Compensation" below for information regarding recent updates to the Mercer report.

Annual Cash Bonus

Executive Committee Members and General Counsel Bonus Programs

For members of our Executive Committee and Mr. Holladay, the bonus program is essentially subjective, rather than utilizing objective criteria. The Executive Committee recommends bonuses for its members and Mr. Holladay, and the Compensation Committee reviews these recommendations and makes the final determination as to bonus awards. Although these bonus awards are not based on objective goals, our Company's profitability has historically been the most significant item in determining bonus amounts for the Executive Committee members and Mr. Holladay. Mr. Hardin has historically participated in the general bonus program applicable to our other officers and employees. The Committee considered the Company's increased profitability for 2022 compared to 2021 (an increase of \$176.4 million in gross profit) and each individual's workload and job performance in determining bonuses for the Executive Committee and Mr. Holladay for 2022, which were higher than the 2021 bonus awards as a result of the Company's higher profitability.

General Bonus Program

During fiscal year 2022, Mr. Hardin was covered by our general bonus program. Officers in this program are eligible to earn a bonus equal to 50% of the sum of the officer's base salary plus such officer's prior year's bonus. This program is designed to reward both Company and individual performance during the year.

Of the potential bonus that could be earned by Mr. Hardin under this program, approximately 50% is based on our profitability. If we earn a minimum profit, on a pre-tax basis, of five cents per dozen eggs produced, Mr. Hardin could earn the full portion of his bonus attributable to our profitability, subject to adjustment at the discretion of the Chief Executive Officer. If our profit is less than five cents per dozen eggs produced, Mr. Hardin's bonus would be reduced by a corresponding percentage, again subject to adjustment at the discretion of our Chief Executive Officer. The remaining approximate 50% is based on his individual performance as evaluated by our Chief Executive Officer in his discretion. Mr. Baker's evaluation includes his personal assessment of the overall efficiency, effectiveness, cooperativeness, enthusiasm, judgment and attitude that Mr. Hardin brings to the performance of his duties. Our Chief Executive Officer has the authority to adjust general bonuses under this program for our officers as deemed appropriate for competitive reasons or extraordinary circumstances or conditions.

Equity Compensation

The Company believes it is essential to provide our named executive officers with a long-term equity component of compensation in order to better align their interests with those of the Company's stockholders.

Our named executive officers participate in our Amended and Restated 2012 Omnibus Long-Term Incentive Plan (the "2012 Plan"). The 2012 Plan is administered by the LTIP Committee. On December 14, 2021, the LTIP Committee authorized grants of RSAs to a broad base of employees of the Company, including the named executive officers, which grants were effective January 14, 2022. The RSAs vest fully on the third anniversary of the date of grant, January 14, 2025. The LTIP Committee's use of RSAs, the level of RSAs awarded to each named executive officer, and the vesting structure of such RSAs were based in large part on the recommendations of Mercer's 2019 report, and comparisons to the Company's peer group, and were consistent with the grant levels during the past three years. See the "Benchmarking of Compensation" and "Compensation Consultants" sections below.

While the LTIP Committee has not developed formal policies concerning the timing of grants and other matters, its practice has been to authorize grants of restricted shares annually in mid-December, with the grants being effective the following January.

Deferred Compensation Arrangements

The Company maintains an unfunded and unsecured nonqualified deferred compensation plan, which was amended and restated effective December 1, 2021 (the "DC Plan"), in which all of our officers and certain other key members of management are eligible to participate, if selected by the Compensation Committee. As amended, the DC Plan allows each eligible participant to voluntarily defer a portion of his or her base salary and all or part of his or her annual bonus and provides for discretionary long-term incentive contributions that may be approved by the [Compensation Committee]. Under the DC Plan, each participant's accounts under the DC Plan are credited or debited with investment gains or losses equal to certain hypothetical securities or other investments offered by the plan administrator and selected by the participant. Currently, Messrs. Baker, Bowman and Hardin are the only named executive officers who participate in the DC Plan. For fiscal year 2022, the Company contribution for Messrs. Baker, Bowman and Hardin was approximately 18% of each officer's base salary. Each participant is fully vested at all times in the participant's elective deferrals. Unless otherwise determined by the plan administrator, Company contributions to each participant's account become one hundred percent (100%) vested on December 31st of the fifth (5th) plan year following the year such contribution is credited to the plan, unless accelerated upon attainment of age sixty (60) or a change of control of the Company. Upon retirement or separation from service, participants may elect to receive their distribution in a lump sum or in installments according to the election of the participant. The Compensation Committee determines which contributions, if any, will be made during December of each year. The contributions made for our named executive officers under the Deferred Compensation Plan are reflected in the "Nonqualified Deferred Compensation" table in the "Compensation Tables" section below.

Employee Benefits and Perquisites

While we do not maintain a pension plan, we do maintain the Cal-Maine Foods, Inc. KSOP (“KSOP”), which is a combination 401(k) and employee stock ownership plan. We currently contribute an amount not less than 3% of each participant’s base salary and bonus to the KSOP each year, subject to statutory limitations. All fulltime employees 21 years of age or older with at least one year of service, including our named executive officers, are members of the KSOP. We also sponsor an elective 401(k) component within the KSOP, but we make no contributions directly to the 401(k) component on behalf of the participants. Each of our named executive officers participates in an enhanced health plan pursuant to which we reimburse the participating officer for eligible health expense not covered by our primary health plan, up to \$10,000 per calendar year. In addition, we have a plan under which officers who meet minimum tenure qualifications will be provided health coverage after their retirement. The coverage we provide is secondary to their Medicare coverage.

Each named executive officers is provided one automobile for which we pay the operating and maintenance costs. We also pay club dues on behalf of certain of our named executive officers as determined by the Board of Directors.

Certain officers are provided individual life insurance policies, the premiums of which are paid by the Company. Historically, the Executive Committee has made the determination of which officers would be provided such benefit on a case-by-case basis. In addition, Mr. Baker and the Company are parties to a split-dollar life insurance arrangement. The premiums paid on behalf of the named executive officers and the imputed income relating to the split-dollar life insurance policies for Mr. Baker are set forth in the “2022 All Other Compensation Table” in the “Compensation Tables” section below.

General Matters Regarding Executive Compensation

Employment Agreements and Severance and Change in Control Arrangements

None of our named executive officers has an employment agreement with the Company. In addition, no named executive officer is entitled to receive any severance or change in control payment; however, existing grants of RSAs do vest on death, disability or change in control, and the LTIP Committee in its sole discretion may determine that such grants will vest partially or in full as of retirement. See the “Potential Payments Upon Termination or Change in Control” section below.

Stock Ownership Guidelines

The Board adopted stock ownership guidelines applicable to the Company’s executive officers during fiscal year 2016. Under the guidelines, the chief executive officer is required to maintain ownership of company stock valued at five times his or her base salary, the chief financial officer is required to maintain ownership of company stock valued at three times his or her base salary and each other executive officer is required to maintain ownership of company stock valued at two times his or her base salary. Under the stock ownership guidelines, executive officers are expected to comply with the stock ownership target by April 1, 2021, or in the case of executives appointed after 2016, within five years of the date of their appointment. As of the record date, all current executive officers, other than Mr. Bowman who joined the Company in June 2018 and became an executive officer in October 2018, exceed their target ownership levels.

Anti-Hedging Policy

Our insider trading policy prohibits “insiders” from entering into any hedging arrangements with respect to our securities. Specifically, the policy defines “insiders” as the officers of the Company, all members of the Company’s board of directors, and all employees of, and consultants and contractors to, the Company and its subsidiaries, who receive or have access to “material nonpublic Information,” as well as their families and members of their households, and contains the following prohibition:

Hedging or monetization transactions can be accomplished through a number of possible mechanisms, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds. Such transactions may permit a director, officer or employee to continue to own Company securities obtained through employee benefit plans or otherwise, but without the full risks and rewards of ownership. When that occurs, the director, officer or employee may no longer have the same objectives as the Company's other stockholders. Therefore, Insiders are prohibited from engaging in any such transactions.

Compensation Advisors

Benchmarking of Compensation

Since fiscal year 2013, the Compensation Committee has engaged the consulting firm of Mercer, a wholly owned subsidiary of Marsh & McLennan Companies, Inc. ("MMC"), to periodically provide compensation analysis and consulting services regarding executive and director compensation. Part of this engagement involves benchmarking the Company's executive pay against a peer group and published compensation surveys. Mercer most recently provided the Compensation Committee with an executive compensation analysis during fiscal 2023, which includes a benchmarking analysis using an updated peer group (the "2022 peer group"). The 2022 peer group consists of 17 companies, all of which were publicly traded at the time of the report. The peer group was selected based on research by Mercer and input from management and consisted of the following companies primarily based on size as measured by revenues (with the Company falling in the 46th). As compared to the prior peer group, the 2022 peer group, listed below, contains eight new companies. In addition, six companies were removed from the prior peer group based on a variety of factors, including company delisting, trading liquidity, size, industry exposure and incompatibility of compensation program structure.

2022 Peer Group

B&G Foods, Inc.	John. B. Sanfilippo & Sons, Inc.	Sovos Brands, Inc.
The Boston Beer Company, Inc.	Lamb Weston Holdings, Inc.	Sunopta Inc.
Darling Ingredients, Inc.	Lancaster Colony Corporation	Treehouse Foods, Inc.
Flowers Foods, Inc.	Primo Water Corporation	Utz Brands, Inc.
The Hain Celestial Group, Inc.	Seneca Foods Corporation	Vital Farms, Inc.
J&J Snack Foods Corp.	The Simply Good Foods Company	

Compensation Consultants

In addition to the services described above, the Chairman of the Compensation Committee periodically engages Mercer to review annual and long-term incentive plan designs for competitiveness and alignment with peer companies, and to update management and the Board on executive compensation trends, including director compensation. This review was most recently completed in fiscal 2023.

Mercer reported to Mr. Poole, who is an independent director and Chairman of the Compensation Committee, and consulted with Mr. Baker, Chairman of the Board and Chief Executive Officer and Mr. Bowman, a Vice President and Chief Financial Officer of the Company, in connection with the Executive Committee's determinations and recommendations regarding other officers' compensation. During fiscal year 2022, the LTIP Committee based its grants of RSAs to officers and directors in large part on Mercer's 2019 recommendations.

The Compensation Committee has assessed the independence of Mercer pursuant to applicable SEC and NASDAQ rules and concluded that the engagement did not raise any conflicts of interest.

Compensation Committee Report

The Compensation Committee reviewed and discussed the above Compensation Discussion and Analysis with management of the Company, and, based on those review and discussions, the Compensation Committee has recommended to the Board of Directors that the above Compensation Discussion and Analysis be included in the Company's proxy statement on Schedule 14A for the 2022 Annual Meeting of Stockholders.

If the grantee’s employment is terminated due to retirement, the LTIP Committee may provide for full or partial vesting of such shares in its sole discretion.

(3) Amounts reported in this column for each named executive officer include amounts previously reported in the Company’s Summary Compensation Table in previous years when earned if that officer’s compensation was required to be disclosed in a previous year. Amounts previously reported in such years include previously earned, but deferred, contributions. This total reflects the cumulative value of each named executive officer’s contributions and investment experience. Due to change in record keeper in current year there are very small immaterial differences in the aggregate balance roll forward from the prior year.

For additional detail regarding these arrangements, see “Compensation Discussion and Analysis – Elements of Compensation – Deferred Compensation Arrangements.”

Pension Benefits

No named executive officer participates in any pension plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As described in the Compensation Discussion and Analysis, the Company has not entered into agreements with our named executive officers that provide for severance or change in control payments. Accordingly, the RSAs, which will vest upon certain terminations of employment and a change in control (as defined in the Plan), as described in the footnotes to the table below, are the only form of compensation reflected in the table below. As amended effective December 1, 2021, our DC Plan provides that unvested Company contributions will also vest upon a change in control. However, none of our named executive officers who participate in the DC Plan currently have unvested contributions in their accounts, thus nothing is included in the table below.

In addition, the following table does not quantify payments under plans that are generally available to all salaried employees, similarly situated to the named executive officers in age, years of service, date of hire, etc., and that do not discriminate in scope, terms or operation in favor of executive officers.

For the named executive officers, the value of the RSAs that would vest upon termination of employment due to death or disability, or a change in control of the Company as of the end of the Company's fiscal year ended May 28, 2022, are outlined below, based on the Company's closing stock price of \$48.16 on May 27, 2022, the last business day of such fiscal year.

Name	Form of Compensation	Involuntary Termination By Company or Voluntary Termination by Employee (1)(\$)	Retirement (2)(\$)	Death or Disability (3)	Change in Control (4)
Adolphus B. Baker	RSAs	-0-	1,109,028	1,109,028	1,109,028
Max P. Bowman	RSAs	-0-	370,206	370,206	370,206
Sherman L. Miller	RSAs	-0-	370,206	370,206	370,206
Charles J. Hardin	RSAs	-0-	221,680	221,680	221,680
Robert L. Holladay, Jr.	RSAs	-0-	370,206	370,206	370,206

- (1) Upon termination by the Company or the employee (other than termination due to a retirement, death or disability), the named executive officers' RSA agreements provide for forfeiture of all unvested RSAs.
- (2) Upon retirement of a grantee, the LTIP Committee in its sole discretion may provide that RSAs will vest partially or in full as of the effective date of the grantee's termination due to retirement. The amounts set forth in the column assume the LTIP Committee has exercised discretionary authority to fully vest all such RSAs.
- (3) Upon death or disability of a grantee, all RSAs will vest as of the date of such death or disability and all restrictions will lapse.
- (4) Upon the completion of a change in control of the Company, all RSAs will vest and all restrictions will lapse.

PAY-RATIO DISCLOSURE

To determine the median employee compensation, we analyzed all of Cal-Maine Foods' employees, excluding Cal- Maine Foods' Chief Executive Officer, as of May 28, 2022. We annualized wages for employees that were not employed for the full year. We used year to date gross wages as the consistently applied compensation metric to determine the median employee. After identifying the median employee, we calculated annual total compensation for the median employee according to the methodology used to report the annual compensation of our named executive officers in the Summary Compensation Table on page 26.

The 2022 annual total compensation of our median employee other than Mr. Baker was \$40,464. Mr. Baker's 2022 annual total compensation was \$1,307,958. Based on the foregoing, our estimate of the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all other employees was approximately 32 to 1. Given the different methodologies that different public companies use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used as a basis for comparison between companies.

DIRECTOR COMPENSATION

For fiscal year 2022, the Company's non-employee directors each received an annual fee of \$45,000 as compensation for their services as a director. The fee is paid in quarterly installments following the end of each quarter and in advance of the next quarterly board meeting. In addition, each non-employee director receives an annual equity award with a target grant date value of approximately \$100,000. On January 14, 2022, Mses. Hughes and Young and Messrs. Poole and Sanders, as independent directors, each received grants of 2,487 RSAs under the 2012 Omnibus Long-Term Incentive Plan. Such RSAs vest 100% on the third anniversary of the date of grant. Mercer also periodically reviews and benchmarks the Company's director compensation program, and the most recent such review was completed in July 2022. See "Compensation Discussion & Analysis – Compensation Advisors" for more information regarding Mercer. Employee directors receive no additional compensation for their services as directors of the Company, and the compensation of Messrs. Baker, Bowman and Miller is reflected in the Summary Compensation Table above.

DIRECTOR COMPENSATION TABLE

Name	Fees Earned or Paid in Cash (\$)	Stock Awards \$(1)	Total (\$)
Letitia C. Hughes	45,000	102,290	147,290
James E. Poole	45,000	102,290	147,290
Steve W. Sanders	45,000	102,290	147,290
Camille S. Young	45,000	102,290	147,290

(1) The aggregate grant date fair value of the RSAs set forth in this column is computed in accordance with FASB ASC Topic 718 and based on the closing price of the Company's common stock as of the grant date, which was \$41.13. At the end of fiscal year 2022, Ms. Young had 4,787 unvested RSAs and each other director listed in this table had 7,687 unvested RSAs.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended May 28, 2022, with management, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures.

The Audit Committee also worked with Frost, PLLC, the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, its judgment as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with Frost, PLLC that firm's independence from management and the Company and all matters required to be discussed pursuant to Public Company Accounting Oversight Board rules and has received the written disclosures and letter from Frost, PLLC required by Public Company Accounting Oversight Board rules and the SEC and considered the compatibility of non-audit services with Frost, PLLC's independence.

The Audit Committee discussed with our internal auditors and our independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and our independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended May 28, 2022, for filing with the SEC.

The Audit Committee is currently composed of four directors, all of whom are independent, as defined by SEC rules and in the NASDAQ listing standards. In addition, the Board of Directors has determined Ms. Hughes and Messrs. Poole and Sanders qualifies as an "audit committee financial expert," as such term is defined in the SEC rules.

PROPOSAL NO. 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee selected the firm of Frost, PLLC of Little Rock, Arkansas, to serve as the independent registered public accounting firm for the Company for fiscal year 2023, and the Board of Directors recommends a vote **FOR** ratification of such selection. There have been no controversies, disputes or differences of opinion with Frost, PLLC since the firm has been engaged by the Company.

Frost, PLLC has extensive experience in serving the poultry and egg industries, and, as a result, the Audit Committee felt they would be particularly well-suited to serve as independent registered public accounting firm for the Company. If the Company's stockholders do not ratify the selection of Frost, PLLC, the Audit Committee will reconsider this selection.

Representatives of Frost, PLLC are expected to attend the Annual Meeting and be available to respond to appropriate questions, and they may make a statement if they desire to do so.

Approval of this proposal requires the vote of a majority of the voting interest present in person or represented by proxy. For more information on the voting requirements, see "Voting Shares" above. Unless otherwise specified, proxies will be voted **FOR** the ratification of Frost, PLLC's selection.
